

Wiggly Jellyfish

Supplies in the bag: 1 bowl
1 piece of yarn
2 googly eyes
4 pieces of bubble wrap
8 pieces of ribbon

Other supplies: a hole punch
Crayons or markers
Scissors
Scotch tape

1. Color the outside of the bowl any way you like using markers or crayons. Try making a cool pattern or interesting textures!
2. Using a hole punch, make 8 evenly spaced holes around the rim of the bowl.
3. Use a scissors to make a small cut in the middle of the bottom of the bowl. You may need an adult to help with this part.
4. Put the piece of string through the cut you just made and tape the end of the string to the inside of the bowl. Tie a loop in the top of the string.
5. Tape pieces of bubble wrap to the bottom of the inside of the bowl.
6. Put pieces of ribbon through the punched holes and tie them on. Trim off excess ribbon. You can either leave the ribbon as it is, or use a scissors to curl the ribbon.
7. Take the backing off of the googly eyes and stick them on.
8. Hang up your jellyfish!
